Excelling in AWS and DevOps, with a proficiency in orchestrating cloud environment deployment. Motivated by a fervor for pioneering technologies and dynamic environments. Actively pursuing roles to apply skills, innovate with emerging tools, and make meaningful contributions to drive continuous improvement and deliver impactful solutions.

EDUCATION

- Bachelor degree in Computer of science from Madurai Kamaraj University, Madurai, 2009.
- Higher Secondary Education from Cathy Matriculation School, Madurai, 2005.
- SSLC BVM School, Madurai, 2003.

CORE COMPETENCIES

- Cloud Security
- Disaster
- Recovery
- Performance optimization
- Compliance
- Data Migration
- Risk Assessment
- Scalability Planning
- DevOps Best Practices
- Network Architecture

TECHNICAL SKILLS

- Cloud Platforms: AWS (EC2, S3, Lambda, CloudFormation, RDS, VPC, IAM,
- CloudWatch, CloudTrail) CI/CD Tools: Jenkins, Maven,
- SonarQube, AWS Code Pipeline, AWS Code Deploy
- Version Control: Git, SVN
- Infrastructure as Code: Terraform, AWS CloudFormation, AWS CDK
- Configuration Management: Ansible
- Containers: Docker, Kubernetes
- Scripting: Shell, Bash

Certification

AWS solution architect

PERSONAL PROFILE

- Over 4 years of extensive experience in **AWS and DevOps**, specializing in building, deploying, and maintaining **cloud environments**, emphasizing various **DevOps Tools, CI/CD, AWS Architecture**, and **Container Technologies**.
- Implemented and managed **Jenkins on Linux** instances for automated deployments, ensuring seamless solutions.
- Proficient in leveraging **AWS services** to enhance scalability, reliability, and security while streamlining **DevOps processes**.
- Skilled in implementing DevOps best practices to **automate infrastructure provisioning, configuration management**, and **continuous integration/continuous deployment (CI/CD) pipelines.** Proficient with tools like Terraform, Ansible, Jenkins, and Git.
- Hands-on experience with **containerization technologies** such as Docker and Container Orchestration Platforms like Kubernetes. Capable of designing resilient microservices architectures.
- Capable in implementing security best practices and **compliance standards** on AWS, including **IAM policies, encryption, network security, and auditing**.
- Effective communicator and **team player** with a **collaborative approach** to **problem-solving**. Proven capability to **lead cross-functional teams** and drive projects from conception to successful implementation.

WORK EXPERIENCE

Teleperformance-Chennai

DevOps Engineer | Mar'21 - Present

Key Result Areas:

- Completing the migration from on-premises infrastructure to AWS cloud, while establishing a robust continuous delivery pipeline (CI/CD) tool.
- Orchestrating the installation, configuration, and management of Jenkins on Linux instances to comprehensively automate deployments.
- Fostering cooperation with application teams to encourage container adoption, providing guidance and supervising deployments.
- Tailoring the configuration of Kubernetes/EKS clusters, with a focus on performance, high availability, and stability.
- Supervising Docker maintenance and releases to guarantee uninterrupted service in non-production environments.
- Engineering Jenkins CI/CD pipelines for streamlined build and deployment, integrating JUnit and SonarQube plugins for automated testing and code quality assurance.
- Utilizing Jenkins pipelines for Docker builds in Jfrog Artifactory repository, managing deployments via ECR repo and ECS clusters and ansible for managing web applications, configuring environments, and automating provisioning, patching, and software deployment on AWS.
- Proving expertise in Infrastructure as Code (IaC) principles with Terraform and CloudFormation for efficient environment setup.
- Collaborating on the formulation of release plans with stakeholders, including Project Management, Development, and QA teams.
- Administering and configuring SCM tools such as SVN and Git, resolving code merging issues in coordination with application developers.

PERSONAL DETAILS

Date of Birth: 13th Oct 1987
Languages Known: English & Tamil
Address: Chennai, Tamil Nadu
